

LED Digital Display - High brightness for videos and images

Ref. KDP2.5T6

Full Color Indoor LED Digital Advertising Billboard Ideal for Showcases, Stores, and Fairs. Reproduces High Brightness Images and Videos with Serial Connection. This programmable LED sign includes VIPLEX EXPRESS and VIPLEX HANDY for sending and programming content via WiFi and VNNOX for sending and programming remotely. Its high brightness allows for the reproduction of images and videos in Full Color in high-light areas, such as storefronts, shopping malls, fashion stores, medical clinics, travel agencies, technology shops, and much more without producing reflections. Additionally, its serial connection system allows you to connect up to eight screens in series, creating a single immersive image that captures the attention of any customer. Transform your space into a visual magnet that won't go unnoticed! ****PRICE PER UNIT**** This product is subject to special shipping conditions in the mainland and Balearic Islands: +100€ shipping costs. Final net price, no additional discounts or coupons apply
