

P8 Programmable Multicolor LED XL RGB Pharmacy Cross - Outdoor

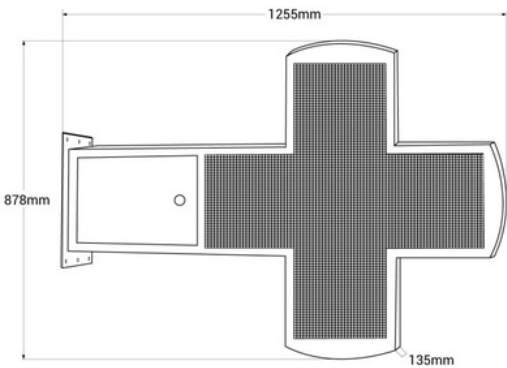

Ref. DP8

Large RGB outdoor LED pharmacy cross, with a green metal casing. Easily programmable via WiFi. It includes a standard module to display date and time and a temperature and humidity module. It accommodates various scenes and effects that allow for a customized configuration. Being an RGB model with variable colors and designs, it is possible to program the cross according to the type of establishment: pharmacies, para-pharmacies, medical clinics, dental clinics, veterinary offices, opticians, etc. It's simple to set up, perfect for showcasing and promoting your business.
